

SciComp25 Conference

Óbuda University, 2025. Oct. 17-18

The SciComp25 conference aims to foster dialog among researchers in **scientific computing, simulations, data science, and artificial intelligence**.

We invite contributions from scholars in both the natural and social sciences who apply computational methods in their own fields of research.

Join us and present your work in a contributed talk or poster session.

Plenary speakers

Lars Juhl Jensen

ZS Associates, Denmark

Dragana Bajic

University of Novi Sad

Márton Karsai

Central European University
& HUN-REN Rényi Institute

Giuseppe Jurman

Humanitas University, Milan
& FBK, Trento

SciComp25 is organized by the Scientific Computing Institute Association. The Association of Hungarian PhD Students (DOSZ) is a cooperating partner of SciComp25.

Deadline for registration and abstract submission:

October 5.
